Meeting Summary

At the Region 5 HMCC meeting held on Friday, September 8, 2017 we welcomed several new attendees and disciplines! Thanks to all for attending! We reviewed the BP1 meeting calendar.

In addition, we reviewed revisions made to the Principles of Operation for the Region 5 HMCC and the body voted to accept the revised version.

There was a lengthy discussion of the Jurisdictional Risk Analysis meeting to be held on Friday, November 3rd at the Middleboro Town Hall at 9AM. This meeting will review the results of the JRA for Region 5 based on the survey completed by the Region members. Please see the link below to register.

The HMCC is actively seeking volunteers to participate on our sub-committees: "Training & Education" and "Communications & Technology" - if you are interested in serving on either committee, please let us know. At the meeting, Rick Ferreira and Liisa Jackson have volunteered to be on the Communication & Technology Sub-Committee.

There was lengthy discussion regarding redundant means of communication. All information will be passed on to the Communications & Technology sub-committee for further review. In addition, the Committee will begin to compile a list of active HAM radio operators to utilize within the Region during times of need. The group had a lengthy discussion about recent hurricanes and damage done in Texas and Florida and a number of members are responding in a variety of capacities to assist in relief measures.

Schedule of Events
