RE: Request for Partial Certificate of Compliance
Farland Estates - Farland Circle
New Bedford, MA 02745
DEP File No. SE049-0736

Dear Commission Members:

This letter is to certify that we have visited the subject property on June 25, 2019 to perform a visual inspection of the construction activities that took place approximately a year ago. After visiting the site, it appears that the construction that took place within the resource areas comply with the approved design plans submitted to the Conservation Commission and Department of Environmental Protection dated December 15, 2017 and conforms to the Conservation Commission's Regulations and the Order of Conditions recorded with the Bristol County Registry of Deeds Book 12340, Page 22.

In addition to a site visit, a topographic survey of the detention basin was performed and a "Pond As-built Plan" (attached) was prepared. The volume of the detention basin was calculated based on the survey data obtain. A comparison between the design and provided volume is tabulated below.

Detention Basin Volume (C.F.)	
Design	Provided
15,215+/-	16,887+/-
