Certificate (if registered land)

5. This request is for certification that (check one):

☐ the work regulated by the above-referenced Order of Conditions has been satisfactorily completed.

☒ the following portions of the work regulated by the above-referenced Order of Conditions have been satisfactorily completed (use additional paper if necessary).

Construction of the dwelling, driveway and associated utilities. The overall site grading is complete other than the area around the E-One pump chamber.

☐ the above-referenced Order of Conditions has lapsed and is therefore no longer valid, and the work regulated by it was never started.

WPA Form 8A – Request for Certificate of Compliance

SE 049-0772

Massachusetts Wetlands Protection Act M.G.L. c. 131, §40

Provided by DEP

A. Project Information (cont.)

6. Did the Order of Conditions for this project, or the portion of the project subject to this request, contain an approval of any plans stamped by a registered professional engineer, architect, landscape architect, or land surveyor?

☒ Yes

If yes, attach a written statement by such a professional certifying substantial compliance with the plans and describing what deviation, if any, exists from the plans approved in the Order.

☐ No

B. Submittal Requirements

Requests for Certificates of Compliance should be directed to the issuing authority that issued the final Order of Conditions (OOC). If the project received an OOC from the Conservation Commission, submit this request to that Commission. If the project was issued a Superseding Order of Conditions or was the subject of an Adjudicatory Hearing Final Decision, submit this request to the appropriate DEP Regional Office (see <http://www.mass.gov/dep/about/region/findyour.htm>).

Subject: Assessors Map 136 Lot 474
DEP File No. SE 049-0772

Dear Commission Members,

On February 14, 2018, SITEC, Inc. performed a field inspection at the subject property. As shown on the attached as-built plan, the construction of the dwelling is complete and has been performed in substantial compliance with the Order of Conditions issued to D.P.M. Development by the New Bedford Conservation Commission on September 22, 2017. The location and elevation of the dwelling and associated site grading closely match the design plan dated August 23, 2017. There is some additional grading required at the front of the dwelling and the disturbed areas need to be stabilized.

On behalf of my client, D.P.M. Development, I am requesting that the Commission issue a Partial Certificate of Compliance for the subject project. If the Commission has any questions or comments regarding this request please contact me at 508-998-2125.

Sincerely,
For SITEC, Inc.,

Jeffrey Tallman
Project Engineer
