RE: **NEW BEDFORD -** DEP File No. SE 49-0693
Highland New Bedford Associate Partnership
(Former Applicant: NSTAR)
200 Theodore Rice Boulevard

Dear Ms. Porter:

On behalf of the applicant of record, Highland New Bedford Associate Partnership, we respectfully request a one year extension to the above referenced Order of Conditions (OOC) issued by the New Bedford Conservation Commission on 12/4/13 and Amended on 6/10/16 to allow the applicant additional time to complete landscaping activities and minor outstanding site work items as shown on the current Plan of Record for the proposed development. Due to extenuating circumstances, NSTAR never undertook the proposed site work that was originally approved and the property owner finally started site work over the past summer.

As you are aware, the applicant is currently installing finish loam and seed on the constructed stormwater management facilities and it is the intent of the applicant to install the proposed landscaping in the spring. This extension will allow for enough time to achieve stabilization of all the disturbed areas of the site within the buffer zone as well as areas contributing runoff to the stormwater management facilities.

We look forward to discussing this Extension request and the overall status of the project at the Commissions next meeting on 11/15/16. In the meantime, if you have any questions or require additional information please contact me at (508) 758-2749.

Very truly yours,
Field Engineering Co., Inc.

Richard R. Riccio III, P.E.
Project Manager
