Re: Order of Conditions SE49-0528  
137 Mate Drive (Map 130G, Lots 200 & 210)

During an inspection with a representative of Longbuilt Homes and their Engineer for the purposes of obtaining Certificates of Compliance relative to the Order of Conditions issued to Longbuilt Homes by the New Bedford Conservation Commission, a violation of the Order of Conditions was observed.

A pile of grass clippings was observed west of the split rail fence in the 25' No Disturb Zone/Conservation Area. The Conservation Commission is requesting that these grass clippings be removed and disposed of off-site. ABC Disposal will collect these grass clippings free of charge as specified in the enclosed brochure. The Conservation Commission would like the grass clippings removed by November 18, 2016. Please contact me at 508-979-1497 to inform me of when the grass clippings have been removed.

Thank you in advance for your cooperation,
