

Table 1: Regulatory Status of Project Area Wetlands along New Bedford Main Line (continued)

Wetland #	Sheet #	Approximate Location and Flag #	Type/Description	Bank	BVW	Riverfront Area	ILSF	Waters of the United States (not subject to WPA)
B 22	10/11/ 12/13/ 14	West of ROW, across NB 20 NB 22 WF 100 to 133 NB 22 BF 100 to 103	PFO/OW Perennial stream channel with bordering forested wetland, part of the Acushnet Cedar Swamp	X	X	X	-	-
NB 20.1	14	North of Route 140, across NB 22 NB 20.1 WF 100 to 110	PFO Small forested wetland connected to Wetland NB20	-	X	-	-	-
NB 23 (200 series)	14/15/ 16	South of ROW, west of ROW NB 23 BF 100 to 201 NB 23 WF 202 to 219	PFO Red Maple Swamp	X	X	-	-	-
NB 23 (100 series)	16	West of ROW, south of Route 140 NB 23 WF 100 to 120 NB 23 BF 121 to 124	PFO Red Maple Swamp bordering an intermittent stream connected to NB 23 (200 series)	X	X	-	-	-
NB 24	14/15	South of Route 140, east of ROW NB 24 WF 101 to 115	PFO/PEM Forested wetland with emergent marsh	-	X	-	-	-
NB 25	15	East of ROW, across NB 23 (100 series) NB 25 WF 100 to 107	PFO Isolated depression					X
NB 25.1	18	East of ROW, north of Tarkin Hill Road NB 25.1 WF 101 to 107	PSS Shrub scrub wetland associated with intermittent stream	-	X	-	-	-
NBS (1)	19	West of ROW, south of Tarkin Hill Road NBS 1 to 8	PFO Forested wetland	-	X	-	-	-
NBS (2)	19	South of Tarkin Hill Road, south of NBS(1) NBS 1 to 7	PFO/PEM Forested wetland with emergent wetland along fringe	-	X	-	-	-
NBS (3)	19	Along the ROW, west of NB (1) and (2) NBS 1 to 63	PEM Emergent wetland	-	X	-	-	-
NB 28	22/23	North of Nash Road, west of ROW NB 28 WF 100 to 124 NB 28 BF 124 to 125	PFO/OW Red Maple Swamp bordering an intermittent stream	X	X	-	-	-
WLF <sup>1</sup>	24/25	West of ROW, north of Purchase Street WF 100 to 136	PFO/PEM Emergent marsh dominated by common reed ( <i>Phragmites australis</i> )	-	X	-	-	-

Source: Vanasse Hangen Brustlin, Inc., 2010

1- Wetland WLF has been previously approved by the New Bedford Conservation Commission (DEP File No. 049-0850)

## Notes:

All delineated wetlands are federally regulated as the Waters of the United States

Only the limits of Bank, BVW, ILSF and federally regulated isolated wetlands were field delineated
