(Attach copy of Deed, Certificate of Title & most recent Recorded Plans showing affected lot or lots)

Is the applicant also the owner? Yes No

If no, please attach the following three items to your application and indicate they are attached:

- A notarized authorization letter on letterhead from the owner to tenant/buyer for application of this permit.

If the Applicant is Not the Owner, Provide:

- A copy of the Purchase & Sale Agreement or lease, where applicable.
- A copy of the deed or deeds of abutting parcels if said parcels have been held in common ownership with the subject property at any time since January 1, 1976.

4. REQUIRED FINDINGS FOR GRANTING A VARIANCE

Massachusetts General Law Chapter 40A Section 10 requires the "permit granting authority" (which, in this instance is the Zoning Board of Appeals) to make ALL the following findings before a variance can be granted:

A

That there are circumstances relating to the soil conditions, shape or topography which especially affect the land or structure in question, but which do not affect generally the zoning district in which the land or structure is located.

B

That due to those circumstances especially affecting the land or structure, literal enforcement of the provisions of the Zoning Ordinance or By Law would involve substantial hardship, financial or otherwise, to the petitioner or appellant.

C

That desirable relief may be granted without nullifying or substantially derogating from the intent or purpose of the Zoning Ordinance or Bylaw.

D

That desirable relief may be granted without substantial detriment to the public good.

The full text of M.G.L. Chapter 40A, Section 10 can be viewed at: <http://www.mass.gov/legis/laws/mgl/>

Because the ZBA must be able to articulate each of these four findings in order to grant a variance, you must make your case as to WHY your application meets each of these four points. ***This is an extremely important question and it is recommended that you answer this VERY carefully.*** You may use an additional sheet if needed.

A

Describe any circumstances relating to soil conditions, shape or topography which especially affect the land or structure in question but that doesn't generally affect the zoning district in which your premises is located:

See attached letter.

B

Describe how circumstances unique to your land or structure would mean a substantial hardship to you if the city were to literally enforce the zoning ordinance:

C

Describe how granting you relief would not take away from the purpose of the city's zoning ordinance:

D

Describe why nobody else would be hurt if the city granted your requested zoning relief:

REFERENCE: 208 Tarkilm Hill Road Map 118 Lots 202 & 223

Dear Board Members,

On behalf of my clients, the owners of the subject parcel, I am submitting the enclosed Variance Request Package with regards to the above referenced property. The submittal package includes the following:

- Variance Application
- Filing Fee (\$350.00)
- Department sign off sheet
- Certified Abutters list
- Assessors field card
- Property deed
- Building Department denial
- Existing Conditions Plan
- Variance Site Plan
- Approval Not Required Subdivision Plan
- Assessors Map

The subject Parcel is located within a Residence B District which requires a minimum of 75' of frontage and 8,000 sq.ft. of area for a single family dwelling and 10,000 sq.ft. for a two family dwelling.

The owners of the subject parcel are seeking relief from the Zoning Board of Appeals allowing the subdivision of the existing parcel of land into two parcels, leaving the existing single family dwelling (#208) on one parcel with 60.75' of frontage and 4,784 sq.ft and under a separate petition allow the construction of a new single family dwelling on the second parcel with 80' of frontage along Holden Street and containing 5,495 sq.ft.in area.

As described in the attached deed, this overall parcel of land is comprised of four smaller parcels on land. Two of the parcels have frontage on Tarkiln Hill Road and two parcels with frontage along the north side of Holden Street. The City of New Bedford Assessor's office lists the parcels as Map 118 Lot 202 (208 Tarkiln Hill Rd.) with 60.75' of frontage and 4,784 sq.ft. of land area. The Assessor's office also lists the additional vacant parcel as Map 118 Lot 223 with 80' of frontage along Holden Street and containing 5,495 sq.ft.in area. The applicants as well as the previous owners of the parcels have consistently been assessed and taxed as owning two separate parcels with land values of \$83,300 and \$86,100 respectively.

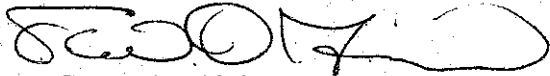

Having purchased the property in 2013, and seeing that each parcel was being taxed separately to the fullest value, the owners assumed that they would be able to construct a new dwelling on the vacant parcel. After submitting a site plan to the Zoning Enforcement Officer seeking a finding in accordance with Chapter 9, Section 2612.a,b,c&d (Merger of Lots)the owners were denied permission to build. As illustrated through the enclosed denials, the Zoning Enforcement officer has asked that we submit two separate petitions to achieve our goals.

For the following reasons and parcel history we request that the Board act favorably upon our request:

1. The existing parcel configuration/shape is quite unique with frontage along two streets and the existing dwelling being located well within the rear yard setback of the proposed parcel. The vacant parcel is clearly underutilized for its intended purpose
2. The applicants as well as the previous owners of the parcels have consistently been assessed and taxed as owning two separate parcels with land values of \$83,300 and \$86,100 respectively.
3. The parcel if divided would be comparable in size and shape to many of the lots within the immediate area.
4. The granting of relief would not derogate from the intent of the ordinance which is intended to create reasonably sized lots with adequate building separation.
5. The construction of a new single family dwelling in the neighborhood would be an aesthetic improvement as well as to create increased tax base and property values.

I thank you for your time and attention regarding this matter and I look forward to discussing the merits of the proposal with the Board.

Sincerely,
for SITEC, Inc.
