Re: **Special Permit for a Marijuana Establishment-** Southcoast Apothecary

Dear Planning Board Chair:

I am writing in response to your request for additional comments on the **Special Permit Application** for Southcoast Apothecary. After review of the documents, I would request additional information within the odor control plan to address the control of fugitive marijuana emissions resulting from a fire within the facility. I have reviewed the odor control and emergency plan and have not seen provisions for this potential event.

Sincerely,

Damōn O. Chaplin, Director
