City of New Bedford New Bedford Planning Board 133 William St. Room 303 New Bedford, MA 02740 Attn: Jennifer Carloni, Director of City Planning

Re: Application for a Site Plan Reviewfor a Medical Marijuana Treatment Center at 366 Hathaway Road, New Bedford, Massachusetts

Dear Ms. Carloni,

This firm represents Beacon Compassion Inc., d/b/a HiFive in connection with its application for a Site Plan Reviewwith the use and operation of a Medical Marijuana Treatment Center at 366 Hathaway Road, New Bedford, Massachusetts. We hereby submit the following items for filing with the Planning Board.

- 1. Completed Application Form
- 2. Completed Site Plan Review Checklist
- 3. Plans
  - a. Cover Sheet
  - b. Existing Conditions Plan
  - c. Demolition Plan
  - d. Construction / Layout Plan
  - e. Grading and Drainage Plan
  - f. Utility and Grading Plan
  - g. Landscape Plan
  - h. Erosion Control Plan
  - i. Floor Plan
  - j. Building Elevations
  - k. Sign Plan
  - l. Lighting Plan
  - m. Details Sheet (Typical Details)
- 4. Project Narrative
- 5. Certified Abutters List
- 6. Proof of Ownership
- 7. Traffic Impact & Access Study (TIAS)
- 8. Storm-water Management Plan

Kindly file an original of this Application and schedule this Application for hearing at the Board's next meeting. Please let me know if you should have any questions concerning the enclosed.

Thank you for your assistance in this matter.

Best,

Pete D'Agostino

# 2) COMPLETED SITE PLAN REVIEW CHECKLIST

# **Site Plan Review Application Checklist**

In order for the City of New Bedford Planning Board to accurately review your project in a timely manner, plan sets submitted with applications must be complete and thorough. A comprehensive understanding of this handout and submittal of all required documents and plans ensures an efficient review of your project.

Unless otherwise noted or determined by Planning Division Staff to not be required, the following information and drawings must be included in the submittal package for your application. For an application to be accepted, each and every item is required at the time of application submittal.

In certain instances, plans, or portions of plans, may be waived when not applicable for the review of a particular type of development, at the discretion of the City Planner. Requests for any such waiver(s) must be submitted, in writing, to Planning Division for consideration prior to application submittal.

All submitted materials must be legible, organized & bound (where appropriate) in a manner that allows for distribution of all proposal materials as 1 package. Please utilize double-sided printing for submitted reports, studies and statements when possible.

	Indicate For subparts of the required plans, plea	se mark as follows:

<ul> <li>Construction notes, including the following notes:</li> <li>Any minor modifications (as determined by the City Engineer) to the information shown on the approved site plans shall be submitted to the City Engineer as a Minor Plan Revision for approval prior to the work being performed.</li> <li>Any work and material within the City right-of-way shall conform to the City of New Bedford_requirements</li> <li>All handicap parking, ramps, and access shall conform to AAB &amp; MAAB requirements</li> <li>All erosion control measures shall be in place prior to construction. Erosion Control shall conform to the City of New Bedford Conservation Commission requirements as stated in the Order of Conditions. (Refer to Erosion Control Plan if part of submission)</li> <li>All pavement markings and signs shall conform to MUTCD requirements</li> </ul>						
2e.		ading and Drainage Plan				
		isting Conditions Plan and Constructi				
	Existing and proposed site grading/ topography-Contours at 2' intervals (1'contours or additional spot grades if site is flat)					

	Proposed parking lots, sidewalks, islands, etc.  • Parking lot grades shall not exceed 5% or be less than 0.5 %
	Floor elevations & door locations
	Proposed drainage infrastructure plan including but not limited to piping and natural watercourse profiles & cross-sections, infiltration/ retention / detention structures, drain manholes, headwalls, roof recharge systems, flow direction, water quality BMPs, etc.
	Adequate information off site to verify proposed drain connections
	Drainage system profiles including rim and invert elevations, material, types, sizes, lengths, utility crossings and slopes
	Utility easements with bearings and distances suitable for registry filing
	Delineation of all stockpile areas
	Provide safety fencing around stockpiles over 10' in height or otherwise restrict site access
	For applications associated with residential or commercial/industrial subdivisions, include an overall development plan showing all construction activity and proposed grading for all project phases, and show the proposed building envelope within each house lot and the proposed grading, drainage, and storm water disposal for each lot.
	A design for the stormwater drainage systems prepared by a Registered Professional Engineer demonstrating that proposed development rates of runoff do not exceed predevelopment rates, as required under Massachusetts Stormwater Management Standards.
_	Utility and Grading Plan (Show appropriate info from Existing Conditions & Construction/Layout Plan)
	<ul> <li>Include all proposed utilities, including, but not limited to, Water, Sewer, Drainage, Electric, Telephone, Cable TV, Gas, Lighting, Title V Septic Systems &amp; Detention and Retention Structures</li> <li>Adequate utility information outside the site to verify proposed utility connections</li> <li>All utility pipe types, sizes, lengths, and slopes</li> <li>All utility structure information including rim and invert elevations</li> <li>Any utility access vaults</li> <li>All utility access handholes</li> <li>All water services, hydrants, gates, shutoffs, tees</li> <li>Utilities shall be underground if possible</li> <li>All transformer locations</li> <li>Required utility easements with dimensional bearings and distances</li> <li>Force main, if required, conforming to City of New Bedford requirements</li> <li>Water main loop</li> </ul>
	Sewer profile showing all utility crossings
	Sections through detention basin(s)
	Include the following notes:
	<ul> <li>The contractor shall obtain a Street Disturbance &amp; Obstruction Permit prior to any construction within the right-of-way</li> <li>All water and sewer material and construction shall conform to the City of New Bedford requirements</li> </ul>

	<ul> <li>All water and sewer construction shall be inspected by the City Of New Bedford before being backfilled</li> </ul>
_	<ul> <li>The City shall be notified at least 24 hours prior to the required inspections</li> </ul>
	Detention basin, retention basin or other stormwater mechanisms (such as infiltration devices), if proposed.
 3g.	<u>Landscape Plan</u>
	Location, species & size of all proposed plantings
	All existing landscaping to be removed or retained
	Plant and tree legend
	Delineate & label all existing and proposed groundcovers, lawn areas, driveways, walkways, patios and other surface treatments
	Snow storage areas
	Proposed irrigation methods (on-site wells to be used unless otherwise approved)
	Verify sight distances at entrances
 3h.	<b>Erosion Control Plan</b> (show appropriate information from Existing Conditions and Construction/Layout Plans)
	Straw bales or straw bale/silt fence combination and compost filter tubes
	Anti-tracking BMP area at all construction entrances
	Dust Control (Methods of)
	Protection of existing and proposed drainage structures with straw bales and/or silt sacks
	Delineation of all temporary stockpile areas
	Safety fencing around stockpiles over 10' in height or otherwise restricted site access
	Straw bales or straw bale/silt fence combination around all stockpiles
	<ul> <li>Include the following notes:</li> <li>All BMP erosion control measures shall be in place prior to demolition or any site work</li> <li>Erosion Control BMPs shall conform to US EPA, NPDES, MA DEP and Massachusetts Erosion and Sedimentation Control Guidelines for Urban and Suburban Areas.</li> <li>Maintenance specifications for all proposed erosion and sedimentation controls.</li> </ul>
 3i. ]	<u>Floor Plan</u>
	Include complete floor plan of all floors (entire building), including existing & proposed work
	Label all rooms (e.g., bedroom, kitchen, bathroom), and include dimensions of room sizes
	Show the location of all existing and proposed doors, windows, and walls

	Appendix - Illicit Discharge Certification (signed & dated)
10.	Electronic PDF and AutoCAD Files
_	Shall consist of a CD with a printed CD Label in a CD case
	CAD files shall be 2010 format or the latest revision of AutoCAD Civil 3D
	All project submissions shall include the following file types. All project related Drawing Files
	shall be provided in all 2 supported formats, listed below.
	• AutoCAD Drawing format (.dwg)
	Adobe Portable Document Format (.pdf)
	PDF files shall be created from within the AutoCAD environment and contain Layer information.
	It is a requirement that each project drawing/sheet created for a project shall be published/plotted to DWG and PDF, and placed in the appropriate folder in the CD submission. All external references (DWG, DWF, DGN, PDF, TIFF, MrSID, JPG, etc.) which are used in support of the creation of these project sheets shall be stored within the XREF folder only (Subfolder of DWG) on the CD. Also the AutoCAD support files (fonts, plot style, etc.) should be supplied on the CD.
	File Naming:
	The following file naming standard for all CAD related files created, used, or submitted to the Planning Department shall be followed. This applies to all CAD drawings, DWF's, PDF's used in support of, or used in conjunction with this CAD Standard.

<b>Staff</b>	<b>Applicant</b>

File names shall begin with their project Planning Board Case number assigned (available through the Planning Department), followed by an underscore and the appropriate discipline code. In the instance where there is more than one file, assign an appropriate sequential number to the end (ex. 1,2,3). Special characters are not permitted except for the following; hyphens [ - ], underscores [ \_ ], and/or parenthesis [ ( ) ].

#### Example 1.

A set of engineering design plans and documents were prepared for project file number 12-34; acceptable filenames would be as follows:

12-34\_Existing Conditions1.dwg

12-34\_Existing Conditions2.dwg

12-34\_General1.dwg

12-34\_Generale.dwg

**11. Application Fee** (All fees are due at time of application submission)
