# Submission Checklist

The following items must be organized on your submitted flash drive in folders named for each applicable section below (e.g., Application, Financial, etc.). Please check each item on this list if it is included in your submission packet. **Note: not all items will apply to each project.**

<b>APPLICATION – All items in this section are required</b>	
<input checked="" type="checkbox"/>	Application Information (page 1)
<input checked="" type="checkbox"/>	Submission Checklist (this page)
<input checked="" type="checkbox"/>	Narrative/Project Management/Category Specific Section/Financial (pages 3-7)
<input checked="" type="checkbox"/>	Project Schedule – Project Budget – Funding Sources Summary (page 8)
<input checked="" type="checkbox"/>	Construction Budget Summary – to be complete for construction projects ONLY (page 9)
<input checked="" type="checkbox"/>	Certificate of Vote of Corporation and Tax Compliance Certification (page 10) must be completed by both applicant and co-applicant if non-municipal applicant. The form must be completed by authorized board member. *Certificate of Vote named person must be different person from signer of the certificate.
<b>FINANCIAL</b>	
<input checked="" type="checkbox"/>	One cost estimate from an architect <b>OR</b> two written vendor/contractor quotes ( <b>Quotes/cost estimates must be submitted with application – late submissions will not be accepted</b> )
<input type="checkbox"/>	Proof of secured funding (commitment letters or bank statements), if applicable. <b>Please redact account numbers and any sensitive information.</b>
<b>OWNERSHIP/OPERATION (NON-CITY)</b>	
<input type="checkbox"/>	If the applicant is not the owner, attach documentation of site control or written consent of owner to undertake the project. <i>Applications will not be reviewed without this documentation.</i>
<input checked="" type="checkbox"/>	Board of Directors listing
<input checked="" type="checkbox"/>	Certificate of Good Standing – available at MA Secretary of State website
<input checked="" type="checkbox"/>	501(c) certification (if operating as a non-profit) or corporate certificate
<input checked="" type="checkbox"/>	Purchase & Sale agreement or copy of current recorded deed, if applicable.
<b>COMMUNITY SUPPORT</b>	
<input checked="" type="checkbox"/>	Letters of support from residents, community groups, city departments, boards or commissions, etc.
<b>PLANS &amp; REPORTS</b> <i>If applicable to your project, please submit in digital format only.</i>	
<input type="checkbox"/>	Renderings, site plans, engineering plans, design/bidding plans, specifications, and any MAAB variance requests.
<input type="checkbox"/>	Applicable reports (21E, Historic Structure Report, appraisals, survey plan, feasibility studies, etc.)
<b>VISUAL</b> <i>If applicable to your project, please submit in digital format only.</i>	
<input checked="" type="checkbox"/>	Photos of the project site (not more than four views per site) Digital copies <u>only</u> .
<input type="checkbox"/>	Catalog cuts (i.e. recreation equipment) if applicable.
<b>FOR HISTORIC RESOURCE PROJECTS ONLY</b>	
<input checked="" type="checkbox"/>	Documentation stating the project is listed on the State Register of Historic Places or a written determination from the New Bedford Historical Commission that the resource is significant in the history, archeology, architecture, or culture of New Bedford.
<input checked="" type="checkbox"/>	Photos documenting the condition of the property/resource. Digital copies <u>only</u> .
<input type="checkbox"/>	Report or condition assessment by a qualified professional describing the current condition of the property/resource, if available.
<input checked="" type="checkbox"/>	I/We have read the <b><i>U.S. Secretary of the Interior's Standards for the Treatment of Historic Properties</i></b> and understand that planning for and execution of this project must meet these standards.

# PROJECT NARRATIVE

## 1 GENERAL NARRATIVE (1000 Character Maximum)

- Describe the proposed scope of work including the project location, property involved, and the proposed use

The Seamen's Bethel (1832) and the Mariner's Home (1787) stands as two of New Bedford's most iconic and historically significant landmarks. As part of the New Bedford Whaling National Historical Park, it continues to serve as a symbol of the city's maritime heritage and as an active place of reflection and community gathering.

Situated near the working waterfront, the building is constantly exposed to the harsh coastal environment. Salt air, moisture, and sun exposure have caused extensive wear to the cedar shingles, resulting in warping, curling, and loss of protective integrity. This deterioration not only threatens the building's historic fabric but also increases long-term maintenance costs and risks to the structure.

This project will repair salvageable shingles and replace those beyond repair using historically appropriate materials and methods. By restoring the building envelope, we ensure the preservation of the Bethel's exterior integrity, protect its interior spaces, and uphold the historic appearance that defines its architectural and cultural significance.

## 2 COMMUNITY NEED (1000 Character Maximum)

- What community need(s) listed in the current CPA Plan will this project address? How does the project benefit the public and what populations(s) will it serve? If it serves a population currently underserved, please describe.

This project addresses the preservation need identified in the FY26 Community Preservation Plan for New Bedford, which calls for the safeguarding of historic resources that "help define the distinctive character and identity of the city and supports its maritime legacy.

The Bethel is a publicly-accessible historic sanctuary and cultural landmark anchored in New Bedford's seafaring and whaling heritage. It serves residents, school-groups, tourists, and the broader region as a living resource of maritime history. Located in a waterfront zone exposed to salt air, wind, and sun, the buildings cedar shingles exterior is significantly deteriorated-curling, wrapped, and failing in some parts-creating both a threat to the historic fabric and barrier to full, safe public use. By restoring the exterior envelope, this project benefits the public in several ways: It preserves visual and material authenticity of a landmark that contributes to city-side tourism and maritime identity. It enhances safety and access for visitors for all ages who come to the Bethel for educational programs spiritual reflection and community events, and it supports neighborhood vibrancy and pride, especially in a waterfront district where historic buildings play a key role in sense of place.

In terms of populations served, the project is broadly inclusive: it serves local residents (including underserved neighborhoods in the city), regional visitors, school groups (many of whom may come from under-resourced schools) and heritage tourists.

## 3 GOALS & OBJECTIVES (1000 Character Maximum)

- Describe the project's goals and objectives. The objectives must be specific, measurable, achievable and realistic.
- How does the project meet the general and category-specific priorities outlined in the current Community Preservation Plan?

### Project Goal:

To preserve and protect the historic exterior of the New Bedford Port Society: Seamen's Bethel and Mariner's Home by restoring and replacing deteriorated cedar shingles exposed to the coastal environment, thereby safeguarding the building's architectural integrity, public accessibility, and role as a cultural landmark in New Bedford.

### Objectives:

- Complete all cedar shingle repairs and replacements using historically appropriate materials within 2 months.
- Improve weather resistance and reduce deterioration by at least 50% based on post-project inspections.
- Maintain the building's original appearance consistent with the Secretary of the Interior's Standards.
- Preserve public access and the building's continued use as a cultural and educational landmark.

This project directly supports CPA's general goal to preserve resources that define New Bedford's character and meets the Historic Preservation priority to protect and rehabilitate significant structures that embody the city's maritime heritage.

**4 MEASURING SUCCESS (1000 Character Maximum)**

- *How will the success of this project be measured?*

Success will be measured through specific, verifiable outcomes that demonstrate both preservation quality and public benefit:

- Completion of Work: 100% of identified shingle repairs and replacements completed using historically appropriate cedar materials that match the original design.
- Quality Assurance: Final inspection and sign-off by the contractor
- Structural Integrity: Post-project assessments showing improved weather protection and reduced deterioration within the first year.
- Historic Authenticity: Before-and-after photo documentation and review by the New Bedford Historical Commission verifying the building's preserved historic appearance.
- Community Benefit: Continued public access and visitation demonstrating the project's success in safeguarding a vital cultural landmark for future generations

**5 COMMUNITY SUPPORT (1000 Character Maximum)**

- *Explain the level of community support this project has received. If possible, please include letters of support from any groups or individuals who have endorsed this project.*

The New Bedford Port Society restoration project has strong community support from organizations, neighbors, and local partners who recognize the building's historic and cultural importance. Letters of support are included from nearby institutions such as the New Bedford Whaling Museum, the New Bedford Fishing Heritage Center, the Wamsutta Club, and Whelan Associates, the Port Society's building maintenance partner. These organizations collectively represent New Bedford's historic, cultural, and business communities. Their letters affirm the Bethel's role as a cornerstone of the city's maritime identity and a vital destination for residents, school groups, and visitors from around the world.

Public support for this project reflects a shared commitment to preserving one of New Bedford's most recognizable landmarks, ensuring its safety, authenticity, and continued public access in alignment with the goals of the Community Preservation Act.

**6 CRITICAL NEED (1000 Character Maximum)**

- *Is this project of an urgent nature?*
- *Is there a deadline or factors not controlled by the applicant (i.e. opportunity for immediate acquisition, opportunity to leverage available non-CPA grant or other financial opportunity)?*
- *For historic resource applications only, is the property at risk for irreparable loss? If so, please include a condition assessment from a qualified professional if available.*

The Seamen's Bethel (1832) and the Mariner's Home (1787), are experiencing accelerated deterioration of its cedar shingle exterior due to constant exposure to sun, salt air, and wind from the nearby waterfront. The shingles are curling, cracking, and failing, leaving the structure vulnerable to moisture intrusion and long-term structural damage. Without immediate restoration, further decay could compromise the building envelope and lead to loss of historic materials and costly future repairs. This project is a timely intervention to stabilize and preserve two of New Bedford's most iconic and publicly accessible historic landmarks. Funding through the CPA program will prevent irreversible damage and ensure the Seamen's Bethel continues to stand as a symbol of the city's maritime and cultural heritage for generations to come.

## 1 APPLICANT INFORMATION (1000 Character Maximum)

- *Describe applicant. Is applicant a public entity, private non-profit, private for-profit, an individual, a partnership, or another type of entity? What is the history and background of the applicant?*
- *Identify and describe the roles of all participants (applicants, architects, contractors, etc.) including the project manager.*
- *Describe any past projects of similar type and scale, or experience that demonstrates the applicant's ability to carry out this project.*

The New Bedford Port Society is a private non-profit (501c3) that owns and maintains two historic landmarks: the Seamen's Bethel (1832) and the Mariner's Home (1787). Founded in 1830, the Society's mission is to preserve and steward these properties as active cultural, educational, and spiritual sites within the New Bedford Whaling National Historical Park.

The Port Society Board oversees operations with support from staff, volunteers, and partners. Project management will be led by Phil Oliveira, President, with assistance from Whelan Associates for maintenance coordination and a qualified preservation contractor that we selected.

The Society has successfully completed several major preservation projects, including exterior restoration and accessibility upgrades, demonstrating strong capacity to carry out this work in compliance with all historic standards.

## 2 PROJECT FEASIBILITY (1000 Character Maximum)

- *List and explain further actions or steps required for completion of the project, such as environmental assessments, zoning or other permits and approvals, agreement on terms of any required conservation, affordability or historic preservation agreements, subordination agreements, and any known or potential barriers or impediments to project implementation.*

The New Bedford Port Society's Exterior Preservation Project is fully feasible and ready to proceed upon CPA funding approval. The New Bedford Port Society has completed a recent visual and professional assessment confirming the need for cedar shingle repair and replacement due to sun and salt damage. Project planning is underway with Whelan Associates, the Society's building maintenance partner, and a qualified preservation contractor will be selected. All work will comply with the Secretary of the Interior's Standards for Historic Preservation and will be reviewed by the New Bedford Historical Commission. No zoning or special permits are required, and the site is fully accessible for work. With oversight from the Port Society Board and project manager, Phil Oliveira, President, the project can begin immediately following contract award and is expected to be completed within 2 months.

## 3 PROJECT MAINTENANCE (1000 Character Maximum)

- *Please explain the long-term maintenance plan for the completed project.*

The New Bedford Port Society has a long-standing record of maintaining the Seamen's Bethel and Mariner's Home through routine care, professional oversight, and community partnerships. Following the completion of the cedar shingle restoration, ongoing maintenance will be managed by the Port Society's staff and Board, in partnership with Whelan Associates, the Society's contracted building maintenance firm. The restored shingles will be inspected annually to ensure integrity and promptly address any wear caused by weather exposure. The Port Society maintains an annual maintenance budget and fundraising plan to support continued preservation of both historic properties. Ongoing coordination with the New Bedford Historical Commission ensures that all work meets preservation standards and protects the city's investment in this landmark for future generations.

## COMPLETE FOR HISTORIC RESOURCE PROJECTS ONLY

### CPA Compliance (1000 Character Maximum)

- Describe how the proposed project complies with the U.S. Secretary of the Interior's Standards for Rehabilitation, as required by the CPA legislation under the definition of rehabilitation.
- Describe how the applicant will ensure compliance with these standards as the project is ongoing, i.e., hiring of a consultant.

The New Bedford Port Society Exterior Preservation Project adheres to the Secretary of the Interior's Standards by emphasizing repair over replacement and ensuring all new materials match the historic fabric of the structure. Only shingles that are too deteriorated to repair will be replaced, and all replacements will be in-kind cedar shingles, replicating the original size, texture, exposure, and installation pattern.

The project will not alter or obscure any defining architectural features. Surface preparation, fastening, and finishes will be completed using preservation approved methods to maintain the historic appearance while improving the building envelope's durability. All work will be reviewed by the New Bedford Historical Commission and, if necessary, by a qualified preservation consultant to ensure full compliance with preservation guidelines throughout construction.

## COMPLETE FOR PROJECTS WITH ACCESSIBILITY REQUIREMENTS ONLY

### CPA Compliance (500 Character Maximum)

- Describe how the proposed project complies with the ADA/MAAB Regulations.

N/A

## COMPLETE FOR COMMUNITY HOUSING PROJECTS ONLY

### CPA Compliance (500 Character Maximum)

- Describe how the proposed project complies with CPA affordability requirements (100% of AMI for New Bedford)
- Describe the number and types of units (e.g.: 1br, 2br).
- Provide a complete Development Budget and an Operating Budget (for rental properties).

N/A

## PROJECT FINANCIAL INFORMATION

### 1 FINANCIAL INFORMATION (2000 Character Maximum)

- Describe all successful and unsuccessful attempts to secure funding and/or in-kind contributions, donations, or volunteer labor for the project. A bullet point list is acceptable.
- Will the project require CPA funding over multiple years? If so, provide estimated annual funding requirements.
- What is the basis for the total CPA request?
- How will the project be affected if it does not receive CPA funds or receives a reduced amount?

The New Bedford Port Society is a private non-profit organization that owns and operates the Seamen's Bethel (1832) and the Mariner's Home (1787) that depends on donations, membership dues, event proceeds, and community support to sustain operations and preserve the Seamen's Bethel and Mariner's Home. While the Society regularly allocates maintenance funds for routine upkeep, the scope and cost of the Seamen's Bethel Exterior Preservation Project exceed our annual budget capacity.

To date, the Port Society has a capital campaign that we are preparing to launch the public phase of, which will help support the project, if needed. We continue to seek additional support through private donations and fundraising appeals.

This project will require CPA funding in a single fiscal year; it is not a multi-year request.

The CPA funding request is based on professional cost estimates and recent market rates for cedar shingle replacement, scaffolding and equipment rental, labor, and contingencies. All work will be completed using historically appropriate materials and methods in compliance with the Secretary of the Interior's Standards for Rehabilitation.

If CPA funding is not awarded or is reduced, the project will have to be significantly scaled back to address only the most urgent repairs, this may leave large sections of the building untreated and vulnerable to ongoing weather damage. This would result in higher costs in future years and a loss of original historic fabric. CPA investment at this time is critical to stabilize and preserve the Seamen's Bethel's exterior for the long term, ensuring that this historic landmark remains a safe, authentic, and accessible part of New Bedford's maritime heritage

# PROJECT SCHEDULE – PROJECT BUDGET – FUNDING SOURCE SUMMARY

## PROJECT SCHEDULE

Please provide a project timeline below, noting all project milestones. Please note the City Council must approve all appropriations of CPA funds. Grant funding will not be available for disbursement until after July 1, 202.

	ACTIVITY	ESTIMATED DATE
PROJECT START DATE:	Setting up Staging	06-01-2026
PROJECT MILESTONE:	Soft Wash exterior shingles, remove damaged shingles and repair as needed	06-10-2026
50% COMPLETION STAGE:	Replace new shingles, Prepare the surface and prime	06-20-2026
PROJECT MILESTONE:	Apply Final Stain and do a final inspection of surfaces	07-01-2026
PROJECT COMPLETION DATE:	Breakdown and Cleanup	08-15-2026

## PROJECT BUDGET

Please include an **itemized budget** of all project expenses. Note: CPA funds cannot be used for maintenance. If the project received CPA funds in another fiscal year, please include this amount on a separate line, not on line 1.

FUNDING SOURCES		EXPENSES

OFFICE OF  
COMMISSIONER OF INTERNAL REVENUE

ADDRESS REPLY TO  
COMMISSIONER OF INTERNAL REVENUE  
AND REFER TO

IT:P:T:1

BSF

# TREASURY DEPARTMENT

WASHINGTON

JAN 22 1943

New Bedford Port Society,  
P. O. Box 318,  
New Bedford, Massachusetts.

Sirs:

It is the opinion of this office, based upon the evidence presented, that you are exempt from Federal income tax under the provisions of section 101(6) of the Internal Revenue Code and corresponding provisions of prior revenue acts, as it is shown that you are organized and operated exclusively for **charitable purposes**.

Accordingly, you will not be required to file returns of income unless you change the character of your organization, the purposes for which you were organized, or your method of operation. Any such changes should be reported immediately to the collector of internal revenue for your district in order that their effect upon your exempt status may be determined. Also, if there is any increase in the compensation of your owners, managers, trustees, or directors, over the amount shown by the evidence presented, this office should be advised of such increase.

Since any organization which is exempt from Federal income tax under the provisions of section 101 of the Internal Revenue Code also is exempt from the capital stock tax pursuant to the express provisions of section 1201(a)(1) of the Internal Revenue Code, you will not be required to file capital stock tax returns for future years so long as the exemption from income tax is effective.

Furthermore, under substantially identical authority contained in sections 1426 and 1607 of the Code and/or corresponding provisions of the Social Security Act, the employment taxes imposed by such statutes are not applicable to remuneration for services performed in your employ so long as you meet the conditions prescribed above for retention of an exempt status for income tax purposes.

William Francis Galvin  
Secretary of the  
Commonwealth

Date: September 19, 2025

To Whom It May Concern :

I hereby certify that according to the records of this office,

**NEW BEDFORD PORT SOCIETY**

is a domestic corporation organized on **February 15, 1832**

I further certify that there are no proceedings presently pending under the Massachusetts General Laws Chapter 180 section 26 A, for revocation of the charter of said corporation; that the State Secretary has not received notice of dissolution of the corporation pursuant to Massachusetts General Laws, Chapter 180, Section 11, 11A, or 11B; that said corporation has filed all annual reports, and paid all fees with respect to such reports, and so far as appears of record said corporation has legal existence and is in good standing with this office.

In testimony of which,

I have hereunto affixed the

Great Seal of the Commonwealth

on the date first above written.

### **New Bedford Community Preservation Committee**

**Subject:** Letter of Support – Safeguarding History: Seamen's Bethel Exterior Preservation

Dear Members of the Community Preservation Committee,

The New Bedford Port Authority is pleased to offer its strong support for the New Bedford Port Society's *Safeguarding History: Seamen's Bethel Exterior Preservation Project*, submitted for FY26 Community Preservation Act (CPA) funding consideration.

The Seamen's Bethel and Mariner's Home are two of New Bedford's most recognized and significant landmarks, deeply connected to the city's maritime identity. Located overlooking the working waterfront, the Bethel serves as a visible symbol of the men and women whose livelihoods have long been tied to the sea. Its preservation directly supports the Port Authority's mission to protect and enhance the vitality of New Bedford's harbor and maritime heritage.

This project will repair and replace the building's deteriorated cedar shingles damaged by years of sun, wind, and salt exposure with historically appropriate materials that maintain the building's character and ensure long-term protection. This essential work will safeguard an irreplaceable part of the city's architectural and cultural fabric while enhancing the appearance of the historic waterfront district.

The Port Authority commends the New Bedford Port Society's ongoing stewardship and dedication to maintaining the Seamen's Bethel and Mariners' Home and strongly supports this project's funding. It aligns fully with the goals of the Community Preservation Act and contributes to the preservation of the city's historic maritime core.

Sincerely,

**Gordon M. Carr**  
Executive Director  
New Bedford Port Authority

New Bedford, MA 02740

RE: Letter of Support – *Safeguarding History: Seamen's Bethel Exterior Preservation Project*

Dear Members of the Community Preservation Committee,

On behalf of the Waterfront Historic Area League (WHALE), we are pleased to offer our strong support for the New Bedford Port Society's *Safeguarding History: Seamen's Bethel Exterior Preservation Project*, submitted for FY26 Community Preservation Act (CPA) funding consideration.

For more than 190 years, the Seamen's Bethel and Mariner's Home have stood as two of New Bedford's most iconic landmarks and a symbol of the city's deep maritime roots. As a contributing structure within the New Bedford Whaling National Historical Park, the Bethel and Mariner's Home are integral to the architectural and cultural fabric that WHALE has long worked to preserve.

The proposed project will repair and replace deteriorated cedar shingles caused by decades of sun, wind, and salt exposure, using historically appropriate materials and methods. This vital work will prevent further structural damage, safeguard the building's historic integrity, and ensure continued public access to a site that holds great meaning for residents and visitors alike.

WHALE commends the Port Society's commitment to responsible stewardship and its proactive approach to preservation. We strongly support this project and encourage the Committee to fund it, as it directly aligns with the CPA's goals to protect and preserve the historic character of New Bedford's waterfront.

Sincerely,

**Erin D. A. Miranda**  
Executive Director

Community Preservation Committee  
City of New Bedford  
133 William St.  
New Bedford, MA 02740

Dear Members of the Community Preservation Committee,

I am writing to express my strong support for the New Bedford Port Society's application for Community Preservation Act funding to address essential exterior repairs to the Seamen's Bethel and Mariner's Home on Johnny Cake Hill.

As a neighbor and local business owner, I have witnessed firsthand the Port Society's dedication to preserving our historic district. I own The Drawing Room, a design shop at 22 William Street, as well as the property at 1 Johnny Cake Hill—both situated within steps of the Bethel and Mariner's Home. Together, these buildings form a cornerstone of New Bedford's historic downtown, contributing to its unique cultural and architectural character.

The Seamen's Bethel and Mariner's Home stand among our city's most iconic landmarks. Their preservation serves not only the thousands of visitors who come to experience New Bedford's maritime heritage, but also the small businesses and residents who depend on the district's historic vitality. The proposed exterior repairs represent a necessary investment in protecting these irreplaceable structures for generations to come.

I wholeheartedly endorse the Port Society's application and commend their exemplary stewardship of these significant historic buildings. Their commitment to preservation directly benefits our entire community and reinforces our collective responsibility to maintain the integrity and appeal of Johnny Cake Hill.

Thank you for your consideration of this important project.

Sincerely,

Anthi Frangiadis, RA

### • PAINTING TERMS AND CONDITIONS

J.A.G. Painting Inc. shall be solely responsible for providing all necessary and appropriate equipment and materials required to perform the painting services. In the situation where client is supplying materials they are responsible pick up, delivery prior to work starting. if additional materials are needed the client is responsible for the cost of the work stoppage , including but not limited to, all paint brushes, paint rollers and accessories, drop sheets or cloths for the protection of flooring and carpets, painters tape, caulking guns, pails, scrapers, drywall repair tools, wire brushes and cleaning supplies. All paint shall be supplied by J.A.G. Painting Inc. in a color to be chosen by Owner. If paint is supplied by Owner, Contractor shall have no liability for the performance of any such paint. Should Project need more Paint/Supply Customer will receive added receipts for such said supply and will be responsible for such said Paint/Supply. If paint or Product estimated is exceeded customer will be notified and will be responsible for such said costs.

J.A.G. Painting Inc. shall perform the painting services in a professional and workmanlike manner at all times and shall complete all painting services by the required deadline and within the required work schedule. Notwithstanding the foregoing, if J.A.G. Painting Inc. is delayed at any time in the commencement or progress of its work by an act or neglect of Owner or by changes ordered by Owner, or by labor disputes, fire, unusual delays in deliveries, unavoidable casualties or other causes beyond the J.A.G. Painting Inc.'s control (including but not limited to acts of God, total or substantial destruction of the premises through no fault of J.A.G. Painting Inc. , acts of war, actual or threatened acts of terrorism, insurrection or hostilities, acts of a public enemy, epidemics or quarantines or other causes similar to those enumerated) or by delay authorized by Owner's pending mediation or arbitration or by other causes which the Contractor determines may justify delay, then the completion date shall be extended by change order for such reasonable time as Contractor may determine. J.A.G. Painting Inc. shall perform all of the necessary work in respect of the cleanup and disposal of all paint and paint related debris from the premises upon completion of the painting services. J.A.G. Painting Inc. Shall follow industry practice in the disposal of all such paint and paint related debris and shall undertake reasonable safety precautions to ensure no hazardous materials are improperly disposed of. Any and all surplus paint shall be [Instruction: choose one of the following and strike Inapplicable (retained by the Contractor/returned to the Owner] of the premises. J.A.G. Painting Inc. shall be solely responsible for the payment of any and all wages and salaries that may be due or become due and owing to any of J.A.G. Painting Inc. employees for painting services performed by such employees at the premises. J.A.G. Painting Inc. shall also be solely responsible for the collection and remittance of any mandatory deductions from the wages and salary of an employee of J.A.G. Painting Inc.. At no time shall any employee of J.A.G. Painting Inc. be considered an employee of Owner. J.A.G Painting Inc. does not warranty any horizontal surfaces including but not limited to deck floors, stairs, porch floors, railings, windowsills.

J.A.G. Painting Inc. shall ensure upon the completion of the painting services that all hardware, fixtures and other accessories are free and clear of any paint and shall remove any paint that may be present on any and all hardware, fixture and other accessories contained in the premises. Upon completion of the painting services by J.A.G. Painting Inc., the Owner and J.A.G. Painting Inc. shall conduct a complete inspection of the premises. During the inspection of the premises, the Owner and the Contractor shall agree on any matters which the Contractor elects to repair, modify or replace. Any such agreement between J.A.G. Painting Inc. and the Owner shall be in writing and executed by each of J.A.G. Painting Inc. and the Owner. Any and all matters which are not expressly set forth in such written agreement shall be conclusively deemed acceptable to the Owner and J.A.G. Painting Inc. and J.A.G. Painting Inc. shall have no further obligations or liability in respect to such matters.

### **Limited 1 Year Workmanship Exterior Interior Commercial & Residential Warranty**

For warranty service call: 774-424-0010 or email: [Info@go-jag.com](mailto:Info@go-jag.com) This warranty gives you specific legal rights. Some jurisdictions do not allow limitations on how long an implied warranty lasts, so the below limitation may not apply to you. Some jurisdictions do not allow the exclusion or limitation of incidental or consequential damages, so the below limitations or exclusions may not apply to you. Subject to the limitations set forth below, for a period of from the date of completion of the work described on your contract, from here on referred to as "the Contractor" will repair peeling, blistering or chipping paint resulting from defective workmanship. For this warranty to be valid, you must:

- Have Paid the full contract or estimate price.
- Retain a copy of the original contract.
- Retain a copy of your canceled check or other evidence of payment in full.
- Pay for all materials used to perform the repairs.
- Make the property accessible to the Contractor, or his employees or subcontractors, to perform the repairs.

This limited warranty does not cover: • Any work where the Contractor did not supply the paint or other materials. • Any work which was not performed by the Contractor. • Varnished surfaces. • Surfaces made of, or containing, galvanized metal. • The cost of paint required to perform the repairs. • Repairs to horizontal surfaces or any surface that, by virtue of its design permits moisture to collect. • Surfaces include, but are not limited to, decks, railings, stairs, porches, roofs, and wood gutters. • Exact paint match as environmental conditions will affect the color and finish of all paints over time. (Repair to damaged substrate only) • Any repairs which are necessitated as a result of a defect in the paint regardless of whether the paint was supplied by the Contractor or the customer. • Bleeding caused by knots, rust or cedar. -PAGE 2-

• Cracks in drywall, plaster or wood. • Solid stain or paint on white cedar shingle is not covered under warranty. • Peeling, blistering or chipping where they are caused by: mill-glazing from smooth cedar, ordinary wear and tear, abnormal use or misuse, peeling of layers of paint existing prior to the work performed by the Contractor, structural defects, settling or movement, moisture content of the substrate, Abrasion, mechanical damage, abrasive cleaning, abuse, or damage resulting from use of chemicals or cleaning agents or exposure to harmful solids, liquids or gases. damage or defects caused in whole or in part by reason of fire, explosion, flood, acts of God, extreme weather conditions, misuse, alterations, abuse, vandalism, negligence, or any other similar causes beyond the control of the Contractor. • Surface contaminants such as mildew, moss, chalking, algae, cracks caused by stress.

THIS LIMITED WARRANTY IS THE ONLY EXPRESS WARRANTY MADE BY JAG PAINTING AND IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED. THIS WARRANTY COVERS ONLY THOSE SERVICES PROVIDED BY THE CONTRACTOR TO THE ORIGINAL PURCHASER NAMED ON THE FRONT OF THIS CONTRACT. IN NO EVENT SHALL THE CONTRACTOR BE LIABLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES OR DAMAGES IN EXCESS OF THE ORIGINAL CONTRACT PRICE. THIS WARRANTY MAY NOT BE ALTERED OR EXTENDED FOR ANY PURPOSE UNLESS DONE SO IN WRITING IN A DOCUMENT EXECUTED BY ALL PARTIES TO THIS CONTRACT.

#### \*\*\*Resinous Flooring Warranty\*\*\*

Resinous Flooring JAG Painting, Inc. agrees to repair any defects in the floor coating system for a period of 1 year (from the effective date of installation) caused by improper substrate preparation and workmanship in the installation. JAG Painting, Inc. shall not be responsible for defects caused by accidents, acts of God, inadequate or faulty structural design; structural defects, building alterations, cracks or ruptures in the structural base.

Customer agrees to notify JAG Painting, Inc. of the need for any repairs covered by this warranty promptly upon discovery of it. JAG Painting, Inc. shall commence such repairs within a reasonable period of time provided the customer has removed at customer's cost all obstructions and equipment installed which would hinder or interfere with repairs being made. JAG Painting, Inc.' responsibility and obligation to repair any defects in the job shall become enforceable only if the customer has made full payment for the job. JAG Painting, Inc. does not warranty floor-coating systems from damage/DE-lamination due to the following circumstances:

• Hydro static pressure caused by moisture migrating to the surface of the concrete slab. • Sub-surface contamination by oil or other contaminants that may migrate to the top of the concrete slab. • Surface contaminants getting under the coating due to unrepaired chipped coating damage. • Deficient concrete, which may separate from the concrete slab. • Damage caused by deficiencies in the facility such as roof or wall leaks or faulty plumbing. JAG Painting, Inc. ' responsibility and obligation for repair shall become null and void if anyone not expressly

authorized by JAG Painting, Inc. performs any of the covered repairs during the period of this warranty.

I have read and agree to the above Terms and Conditions.

If you agree to the terms and conditions, a deposit of 1/3 is required. The 2nd 1/3 is due when the job begins, and final payment is due immediately upon walk through and completion of the work. . Non Final Payments of said contract will result in Legal action against contractee upon legal action all legal fees, said late fees and interest accrued as it pertains to said contract will be the total responsibility of said contractee.

All projects require payment upon completion of work A processing charge for credit cards of 5% will be added to the invoice automatically. Checks sent via mail or late checks after 2 day grace period will be charged an additional \$100 plus late fee after 30 days.(unless otherwise noted) Please sign and acknowledge that you have agreed to our payment terms.

We also offer financing. Please call our office for more information.

## New Bedford Whaling National Historical Park

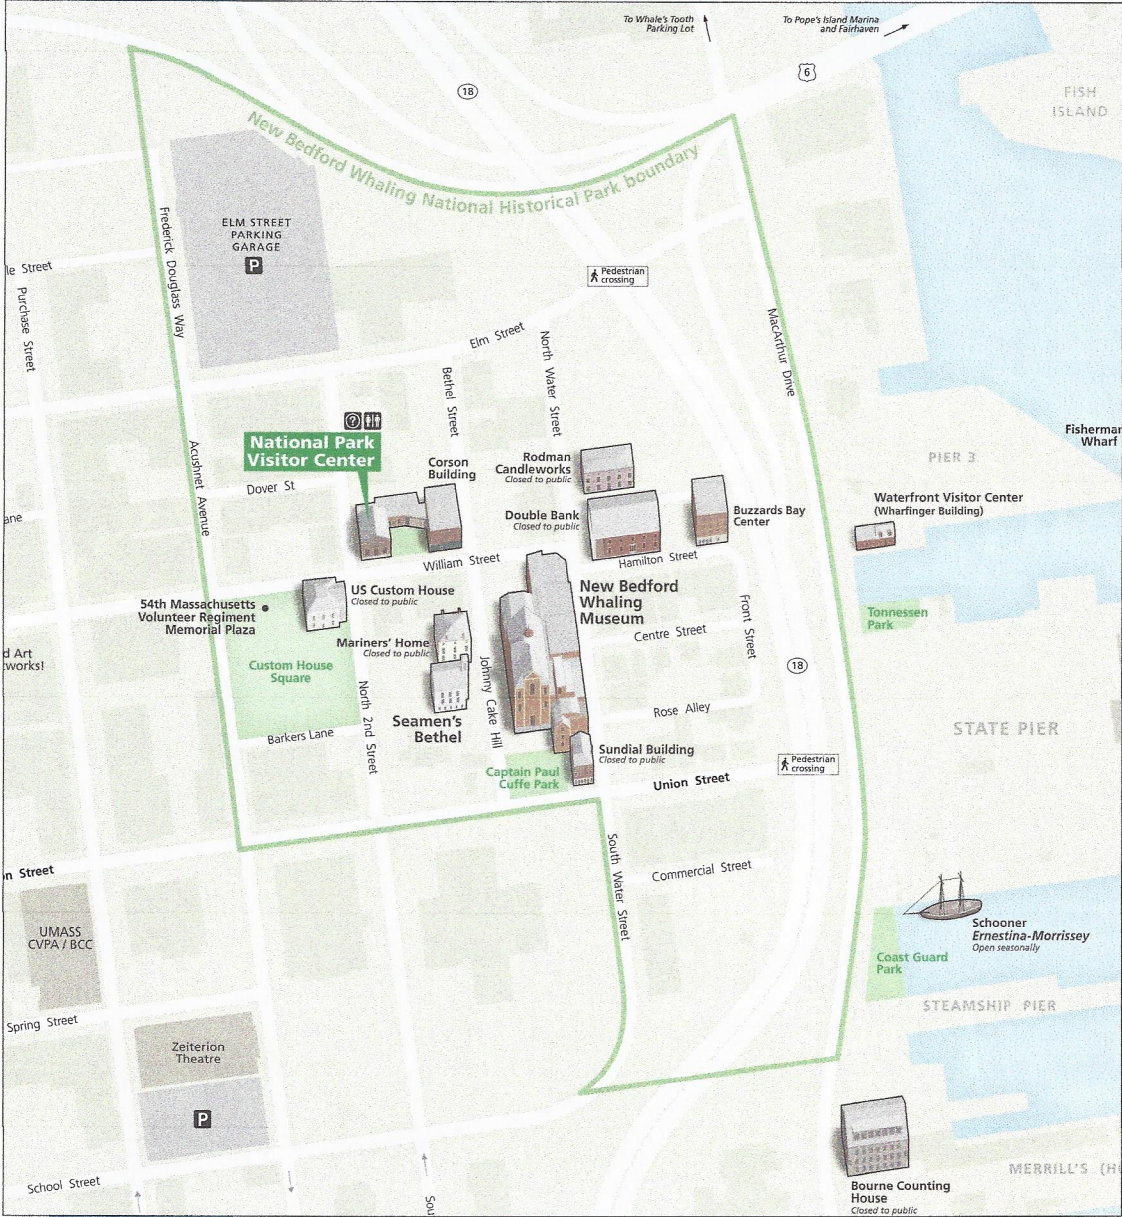

Massachusetts

January 2017

F7  
1-17-2017

## Part 1: Core Components

The core components of a foundation document include a brief description of the park, park purpose, significance statements, fundamental resources and values, other important resources and values, and interpretive themes. These components are core because they typically do not change over time. Core components are expected to be used in future planning and management efforts.

### Brief Description of the Park

Designated in 1996, New Bedford Whaling National Historical Park encompasses 34 acres spread across 13 city blocks, including the New Bedford Historic District, a national historic landmark district designated in 1966. The park is interwoven into the urban fabric of the city of New Bedford. Within the park boundary there are more than 70 historic resources, the majority of which include historic structures that contribute to the park's historic context and are held in private ownership. The Schooner Ernestina-Morrissey, a national historic landmark, is also considered to be within the boundary of the park and is docked at State Pier on the waterfront. In addition, the National Park Service is authorized to assist in the interpretation and preservation of a number of specific sites named in the enabling legislation that are outside the physical boundary of the park but are considered to be part of the park. These sites include the southwest corner of State Pier, Waterfront Park to the south of State Pier, the Wharfinger Building (Waterfront Visitor Center), Bourne Counting House, and Rotch-Jones-Duff House and Garden Museum.

A maritime city in southeastern Massachusetts on Buzzard's Bay, New Bedford served as home port to the largest U.S. whaling fleet and the center of the nation's whaling industry during the 19th century. Its waterfront teemed with sailors and tradespeople drawn from every corner of the globe by the whaling industry's promise of prosperity and adventure. Despite the collapse of the whaling industry during the decades following the Civil War, New Bedford continues to symbolize whaling in the popular imagination. Today, New Bedford is a city of nearly 100,000 people. Its streets, buildings, and harbor preserve the stories of early settlers, whaling merchants, and maritime workers, including those who found safe haven via the Underground Railroad, and the many people for whom New Bedford was a port of entry and opportunity. New Bedford remains the number one fishing port in the United States in terms of the dollar value of its catch.

New Bedford Whaling National Historical Park is a partnership park, with limited property in federal ownership, collaboratively working with other institutions to achieve its resource protection and public use mandates. The park actively coordinates with a number of community partners including the City of New Bedford, New Bedford Whaling Museum, the New Bedford Port Society, the Schooner Ernestina Commission, the Rotch-Jones-Duff House and Garden Museum, the New Bedford Historical Society, the Waterfront Historic Area League (WHALE), and the New Bedford Historical Commission. The park also has a partnership with the Iñupiat Heritage Center in Barrow, Alaska, to interpret and educate the public on Barrow as an important outpost for New England whalers in the Arctic during the 19th century.

---

*The town itself is perhaps the dearest place to live in, in all New England. . . nowhere in all America will you find more patrician like houses; parks and gardens more opulent, than in New Bedford. . . all these brave houses and flowery gardens came from the Atlantic, Pacific, and Indian oceans. One and all they were dragged up hither from the bottom of the sea.*

Herman Melville,  
Moby-Dick, 1850
